

New APS Core Module!

Announcing a new Adult Protective Services (APS) Core Module:
APS Mission and Principles

Overview

APS staff have a unique role in intervening with older adults who are at risk for abuse, neglect, and exploitation. Throughout this module, you are going to learn about the guidance issued at the federal, state, and county level. After successful completion of this module, you will be able to do the following:

- Identify the mission of APS
- Recognize the history and origins of APS work
- Identify the role and responsibilities of APS staff and agencies
- Recall the role of APS within the community

Audience

This module is designed for APS caseworkers, supervisors, community partners, and Child Protective Services (CPS) staff in a dual role.

Course Format

This module is self-directed and designed to be completed in 30 minutes.

Access

Register by using your account in the [LMS](#).
